

Cruise

7 0 1

Chapter 1 by Soccer_5

This was supposed to be a family vacation. I had never been on a cruise ship before. It would be the best trip every until the murder happened. The captains voice came over the intercom saying "This is your captain speaking, I am horrified to tell you someone has been assassinated. This cruise started with 572 people and now we are down to 571. Everyone is to lock themselves in their rooms until further notice, thank you for your cooperation." The line went dead. The crowd of passengers roared everyone yelling. The intercom crackled on again "This is your captain again everyone please return to your rooms in an orderly fashion."

We headed to our rooms. About an hour later there was a knock on the door. A thousand thoughts flew through my head. Could it be the killer?
